aim to inspire Plants**

3. Clean and green campus initiatives

(a) Garden and Herbal Garden: -

A thrive and thrust for the prosperity has led human civilization reach the point where today we stand but without nature everything goes in vain so the urge for the greenery can be seen in the institute's garden well developed and well managed throughout the year, as plantation and greenery needs huge amount of dedication and love for the nature which institute showcases through the much-acclaimed garden area created and maintained in the institute. Also, it adds to the scenic beauty of the campus and it also helps retain the quality of the top layer of the soil and helps in the sustenance of many creatures like insects, moths, etc. in this way the ecosystem is also maintained while we are still focused on our day today life activities.

Garden and Herbal Garden

(e) Landscaping with Trees and also aim to inspire Plants: -

- Our college preserve trees and plants with utmost care. We aim to provide ecofriendly environment and also aim to inspire students to conserve our environment.
- Our campus is adorned with lush green lawns and dense trees, creating a serene atmosphere for students.
- The green surroundings provide a refreshing backdrop for studying, which helps to enhance concentration and productivity.
- Moreover, the trees on our campus serve as a habitat for birds and also help in reducing the temperature during hot summer days.
